ORPHEUM STATE PANTAGES NEW CENTURY

Research done to celebrate 90th anniversary of state + orpheum theatres  
Handout given to attendees of anniversary celebration

## From the 1920's cookbook "The Modern Method of Preparing Delightful Foods"

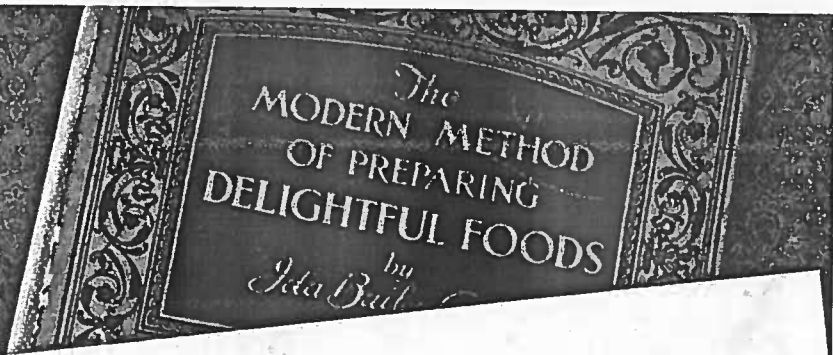

Keep dinner simple. Serve it leisurely – a few attractively prepared foods will make it seem like a feast. "Eating dinners out" does not solve today's housekeeping problem and increases expense. But the intelligent buying of food – together with thoughtful planning and preparation – will solve it – healthfully and happily.

### Inexpensive Dinners

1. Carrot and rice soup, hamburg croquettes, mashed potatoes, stewed tomatoes, bread and butter, cole slaw and southern gingerbread.
2. Panned liver, mashed potatoes, turnips, tea biscuits and butter, sliced tomatoes and jellied fruit

### Company Dinner

Fruit cocktail, creole soup, chicken Maryland, southern sweet potatoes, corn sauté, tea biscuits and butter, romaine dressed at the table, frozen pudding and salted nuts.

### Tea Biscuits ‡ April 1921

- 2 cups flour
- 1 teaspoon baking powder
- 1/4 teaspoon salt
- 1 tablespoon sugar
- 1 tablespoons butter, melted
- 1/2 cup water
- 1 egg, lightly beaten

Preheat oven to 350 degrees F. Sift flour, baking powder, salt and sugar together into a medium mixing bowl. Add the egg and melted butter to water and then stir into the dry ingredients. Mix with a fork and then knead lightly for a minute or so until you have a smooth dough. Roll out on floured board about 1/2 inch thick. Cut with biscuit cutter. If you like, you may gently dip the top of the biscuits into some sugar. Place on a lightly greased baking sheet and bake until just turning brown on top, about 25 minutes for a one-inch biscuit. Makes 18 one-inch biscuits.
